

The World's Biggest Coffee Event!

On Friday the 29th September Goldington Green Academy hosted a coffee afternoon for Macmillan. This was a chance for our school community to make a real difference to people living with cancer and their families. Thank you to all of our children, staff and families who supported this event. We managed to raise £368.00 which will be donated to Macmillan. On the day we saw lots of carefully decorated home baked and brought cakes.

Did you know?

There are now 2.5 million people in the UK living with cancer. By 2030, it will be 4 million people, and Macmillan wants to be there for them all.

Macmillan provides medical, emotional, practical and financial support, as well as campaigning for better cancer care. And because cancer affects more than just those facing it, they support friends and family too.
