

Singing playground trip to Kings House

Singing playground trip to King's House went so well and everyone was dancing and singing their hearts out even all the teachers were as well. The best bit for me and probably everybody's too was the medley. The medley was full of all different types of games. The sort of games that they did was Jump Jim Joe, John Kanakanaka, Here Comes Sally Concentration and Labada. Each school had one song to do in the medley and Goldington Green Academy had Here comes Sally. We are hoping that Singing Playgrounds will continue next year.

Here is a picture of people playing here comes sally.
