

GGA – Music Year 2 Autumn Term Turrets and Trebuchets

Vocabulary

Score	A score is printed music of a song/piece written for instruments and voices.
Solo	A piece of music for one singer or instrumentalist
Duet	A song or piece of music for two parts of equal importance
Call and Response	A style of music in which a leader sings or plays a short melody (the call) and a chorus of singers/players respond with an answering short melody (the response)

Why are we learning this?

To be able to create our own music using different structures like call and response. To discover different ways to use our voices.

Why is it important?

To understand music can be structured or created in many ways, using images or feelings to help inspire the sounds we create.

Skills that I am going to learn.

Rhythms

Using body percussion to create our own rhythms

Clap

Tap

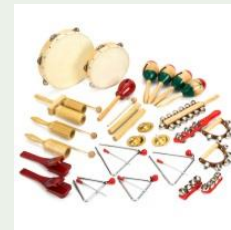

Click

Stomp

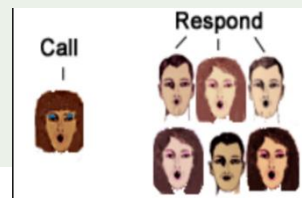

Composing

Working in small groups to create our own music to match an image

Call and Response

Creating our own call and response chants or songs

Beat & Tempo

Performing a steady beat and changing tempo

Expression

Showing feelings and mood using vocal sounds

Notation

Using simple line drawings to follow pitch

Instruments and how we play them

I can **twist** the **cabasa** in the palm of my hand

GGA - Music Year 2 Autumn Term Turrets and Trebuchets

Vocabulary

Dynamics	The loudness of the music, usually described in terms of loud/quiet
Pitch	Refers to the complete range of sounds in a piece of music from the lowest to the highest
Projection	Voice projection is the strength of speaking or singing when the voice is used loudly and clearly.
Expression	To show our thoughts or feelings through music or song.

Skills that I am going to learn.

Singing

Warming up our voice and body. Standing correctly to sing.

Projection

Learning how to safely project our voice to be heard

Using expression

To use facial expressions to tell the story when singing

Why are we learning this?

To sing safely and be ready for our Christmas production performances

Why is it important?

To make our performance the best it can be, there will be lots of people watching and we want to entertain them

Instruments and how we play them

I **press** the keys of the **keyboard**

I can **blow** into the **flute**
