

We value your support!

In September, Year 4 will be learning about

'Anglo-Saxons.'

Please see the curriculum overview for more details of this topic. We plan to use artefacts and a selection of books to research our topic. It will include looking at Anglo Saxon life; where they lived, how they dressed and what they ate. How they fought, the weapons used to protect themselves and the places they invaded.

The key skills they will be focusing on are :

- Application of IT (computing).
- Researching
- Building up new relationships and working on independence.
- Working with others.
- Improving own learning.
- Problem solving.
- Grammar, Handwriting, Punctuation and Spellings.
- Getting the children ready for year 6.
- Homework skills and to prepare for the future.
- Learning new scientific skills
- Sports values when learning new competitive games.

If you feel that you have any skills, interesting ideas, artefacts, resources or contacts etc. that you feel could add to the children's learning experience please note them down below and return this form to the class teacher. We will be very happy to accept them.

If you would like to come in and share your skills, stories or memories with the children please also let us know.

Your contributions are very much appreciated and valued.

Thank you for your support.

Year 4 Team
